Contest at Milwaukee Is Postponed to the Afternoon From Noon.

TWO CLASSES OF CARS ARE ENTERED

Milwaukee, Wis., Oct. 3 .- Despite a rain of several hours' duration this morning, a field of 13 drivers prepared their cars for the start this afternoon in the race for the Pabst trophy and Wisconsin trophy races, the two events on the second day's program of the Vanderbilt cup automobile race meeting at the Wanwatosa course:

The officials postponed the start of the two races from 12 to 1:30 oclock this afternoon on account of the bad Frank Kulick with a Ford special and John Herber, with an E. M. F., withdrew from the Wisconsin troppy race before

the start.

Fred Wagner started the Wisconsin and Pabst trophy races at 1:36. Nikrent, driving a Case car, was sent away first and Rooney, with a Bergdoll, second. The other nine starters were sent away at 36 second intervals.

Mud and threatening skies kept thousands of spectators away from the course during the morning.

Officials of the race meeting and the

drivers made an inspection of the road-way to determine how soft the rain had made it. Both races already had been postponed twice and all were anxious to get started even if conditions were not the best. Officers of the Milwaukee Automobile Dealers' association, under whose management the race meeting is being held, were anxious to speak in the theater on "home rule."

TRAINS RUN AGAIN ON NORTH WESTERN

Train are running again on the Mexico North Western railway after destruction of the road by both rebels and rain. The condition of the road-bed between Casas Grandes and Cumbre was not as had as first reported. Sand had been washed over the tracks at same places. Most of this damage has been repaired. Work is also progressing in rebuilding the 200-foot bridge hurned below Casas Grandes, although a "shoo-fly" has been constructed around the destroyed trestle. A train is expected to arrive in Juarez Thursdey at 5 p. m. bringing passengs a from points rorth of Madern. Sail From New York with Much Ammunition.

RESERVISTS ALL ARE CALLED HOME

New York, N. Y., Oct. 2.—The steamer Macedonia, scheduled to sail for Pieraeus with 2000 passengers aboard, was commandeered just before sailing time today by the Greek consul general at this port. All the passengers with their baggage were hurriedly sent ashore and the vessel prepared to sail at once for Philadelphia to take on a cargo of ammunition.

The Macedonia will return to New York, the consul general said, for the reservists of Greece and the Balkan states who plan to sail on her to take part in the threatened war with Turkey.

The Greek consul announced today that he had received a cablegram from his government instructing him to notify all the Greek reservists in the United States to return to their colors. Similar notices were received by leaders of the Bulgarians, Servians and Montenegrins. It is estimated that there are 100 000 men of the foor. Montenegrins. It is estimated that there are 100,000 men of the four nationalities in this country, who are capable of bearing arms.

### CUTING INSURANCE RATE IN THE STATE

Austin, Tex., Oct. 3.-The state in surance board is today notifying the mayors of the various cities and towns in Texas just what they have to do in order to get the benefit of the recent amendments to the general basis

The board has been deluged with requests for information on this matter and it appears that most of the cities are considering the teaching of fire prevention in the public schools, which will entitle such city to a credit of two percent. Many nise want reductions in the rate on account of good fire records. The credit for this is three percent.

Blanks are being sent to these city officials and if they answer the questions satisfactorily the reduction will be ordered by the board.

NEW COMMISSION IS WORKING HARD

(By Geo. H. Clements.)

Phoenix, Ariz., Oct. 3 .- Arizona's first state fair, the eighth annual fair first state fair, the eighth annual fair to be held since the Territorial Fair association was organized, will be held October 28 to November 2, inclusive, and promises to be the greatest of the many great fairs held since Arizona began holding fairs.

The present fair commission is made up of Hugh E Campbell, of Flagstaff, president; J. R. Henderson, of Risbee, treasurer, and John J. Keegan, of Globe, designated on the oficial list simply as a piain "member;" G. B. Wood, of Phoenix, secretary.

Commissioner Keegan probably voiced the sentiment of not only the State Fair commission, but of the administration and of the great majority of the people of the state, when he said while here on fair business: "In my opinion a state fair should be as full an exposition of the resources, natural and otherwise, of the state as it is possible to make it. The amusement features are all right. We must have them as a diversion from the more serious educational instructive side of the fair. At present, mining is probably Arizona's greatest industry, but the time is rapidly approaching when it must be overshadowed by agriculture in its various branches, such as A Real Exposition.

Telephoned Him For a Contribution.

SAYS HE EXPECTED TO RECEIVE NO FAVORS

Washington, D. C., Oct. 2.—J. Pierpont Morgan proved a willing witness today before the Ciapp committee investigating campaign expenditures and testified he had given \$150,000 to the Republican campaign of 1904 and \$30.000 to the Republican campaign of 1908.

1908.
In an hour's questioning Mr. Morgan denied emphatically the charge by Chas. Edward Russell, of New York, that president Roosevelt had once telephoned for a campaign contribution; declared he never had any communication with president Roosevelt and asserted that he knew of no conferences among financial men in 1904 or 1908 to agree on supporting Republican or Democratic presidential candidates. He confirmed the testimony of Geo. R. Sheldon that he had given \$100,000 to the Republican national fund of 1904, and added that he later gave \$50,600 to the socialled "Harriman" fund of \$240,000, raised for the New York state committee.

mittee.

He asserted no contribution had ever been given by his firm or himself with the idea of securing any favors thereby, he was especially interested in the 1904 campaign, he said, solely for the welfare of the country and the people at large. That was the only interest, he said, that had guided him in making contributions to political parties.

The Jestimony of Mr. Morgan supported that of Mr. Sheldon that the solicabled "Harriman fund" of 1904 had been raised as an emergency fund to help the New York state committee. Mr. Morgan said he understood that to be the fact that when he gave \$50,000 to the fund November 1, 1904, Mr. Harriman had said it was raised at the request of president Roosevelt.

The southern country is reported very. A full military review was held this morning at Agua Prieta, and there was an inspection of arms and equipment by Gen. Augustin Sanjines. Four hundred cavalry and 250 infantry and artillery participated.

A legal point has been raised by the attorneys which may throw all of the ammunition smuggling cases out of the federal court. The attorneys contend that in the cases charging only smuggling and in which the defendants were arrested in El Paso before they attempted to cross the river, it was necessary for the actual smuggling to have taken place before the crime was completed. This point was raised by attorney Tom Lea before judge Burns at the last term of the federal court, but the federal judge overruled him and sent a number of the men charged with ammunition smuggling to jail.

Judge T. S. Masey is inclined to hear the point fully discussed by the lawyers and he has set Friday afternoon for the time to hear the arguments and to have authorities presented by the attorneys to prove their point. The point that has been raised will have no effect upon the conspiracy cases as it is not necessary, the attorneys say, for

REPAIRING RAILROAD

CANANEA TO NOGALES Naco, Ariz, Oct. 3.-The repairing of the Cananea-Nogales branch of the Southern Pacific railroad is to begin at once, according to V. W. Bennett, assistant superintendent of the company's roads in Mexico. He says there will be two gangs of about 20 men each at work and it will likely take 39 each at work and it will likely take 39 days to complete the work. Mr. Bennett leaves in a few days for his vacation, which he will spend in the east visiting Pitishurg, New York and other points. During his absence the special work he has looked after here during rebel troubles will be cared for by P. E. Foster, assistant superintendent of maintenance of way. maintenance of way.

A. Stafford, a Cananea engineer, was relieved of his horse and saddle by a small band of rebels late yesterday, while some miles from town.

# "DIAZ GAVE DYNASTY: MADERO TYRANNY"

Chiengo, III., Oct. 3.-Senor Zeferino Domingues, Mexico's dry farming wizard, stopped in Chicago last night on his way to Washington, where he hopes to enter a protest against intervention in Mexico on the part of the

United States. "The Madero government has been a total failure," said Dominguez. Where Diaz gave us a dynasty, Madero has given us tyranny. The people of Mexico are now ready to place the government in hands which will guide the aution to pence and prosperity. We feel that intervention by the United States is near and it is my mission to prevent it. We realise that European powers will sooner or later force the United States to that step and we fully realize that it would be a calamity for both nations."

Sports In The Week-End Herald
